Alexandria 758 Presents Safety Glasses to Edison Academy

Bob Higham (L) and Jim Estep (R) hold banner as Edison Academy students look on.

On February 24, 2012, PDDGERS Bob Higham and Jim Estep from Alexandria Elks Lodge No. 758 presented 150 VEA safety glasses to Edison Academy. Earlier the Lodge had presented glasses to West Potomac Academy. These are the two vocational high school level institutions in Alexandria whose curriculum requires eye protection. The classes at Edison requiring eye protection include Automotive, Construction Skills, Electrical engineering and others. We plan to make this an annual event here at Edison, as we have at West Potomac.
