

Elks National Foundation, Inc.

CIP Photo Contest

Enter to win our very first CIP Photo Contest! We know Lodges across the country are doing great things with ENF grants. Now is your chance to show everyone what your Lodge is doing.

Clear, focused photos of Elks and community members in action are best to spread the word about your Lodge's good works. For more information about how to use photos to tell your Lodge's story, please visit our [photo guidelines webpage](#). Then, start snapping and send in your entries! We can't wait to see your photos.

Here are the rules for the competition.

- 1) Only digital photos will be accepted, and should be emailed to ENFPrograms@elks.org with subject line "ENF Photo Contest." Photos must be emailed by March 31, 11:50 P.M. CST.
- 2) The digital photo must be of a CIP grant project from the 2011-12 grant year.
- 3) Photos must be submitted in one of three categories. Elks Volunteers, Serving Today's Youth, or Building Community. Lodges may submit a photo in each category, but a Lodge may only win one category.

Through the Elks National Foundation's Community Investments Program, Elks Lodges can apply for grants to serve their communities in ways that address local needs. In 2012-13, the ENF will invest up to \$6.5 million in local communities through Community Investments Program grants.
