

Portsmouth-Chesapeake Lodge helps build Play Set for Ailing Child

On August 13, 2011, Portsmouth-Chesapeake Lodge 82 participated in the twentieth build by Roc Solid Foundation. Six members from the Lodge, the foundation's Executive Director, its Volunteer Coordinator, and others worked to construct a pirate ship play set for a spry little 2 year-old with cancer. The Lodge also made a \$1000 donation through the Elks National Foundation's gratitude grant program.
