

Fredericksburg Lodge 875 Holds Drug Awareness Seminar for Young Marines

Young Marines during Drug Awareness Seminar

Past Exalted Ruler George “Pete” Decatur and Esquire Robert Ninow spoke with the Young Marines on April 9, 2011 on the abstinence of drugs. Pete showed a video by Milton Creagh “Big Milt” illustrating the effects of using drugs—alcohol, crack, cocaine, etc.

The group really enjoyed this video as it was a “rock/rap” rendition. In addition, the Young Marines, ages 8-18, had a chance to experience the effects of being intoxicated via the special glasses which Pete provided. Pete summed up the meeting with the story of the starfish – one person can make a difference – do the best you can – opportunity is there – you are what you want to be – Future Leaders.
