

Loudoun 2406 gives toys to Childrens National Medical Center

The Children's National Medical Center toy drive was an outstanding achievement. Credit goes to the vision of two of our members, **Kimmy Sullivan** and **Joe Kiser**. We applaud **Kimmy** for his relentless pursuit to collect items, funds and to keep the project in everyone's mind.

A *"thank you"* goes to our members, **Joe's Restaurant**, the **Sterling Golf Club**, **AAAA Storage**, **Mighty Mikes**, and very special thanks to the **Knights of Columbus**.

This was the largest single contribution of toys ever to be received by the hospital and required two pick-ups and one van for delivery.

All that contributed should feel a great sense of pride for this accomplishment. We also would like to thank **Santa (Dean Blake)**, for helping us with the delivery and for bringing a smile to most and sometimes a tear to the children we meet.

Hospital volunteers are in blue. From l to r (in Black), **Joe Kiser**, **Kimmy Sullivan**, **Santa**, **Ms Field** (Chief of Volunteers) and from the **Knights of Columbus**, **Jay McCarthy** PGK (black wind breaker).
