to see the full news article.)

Loudoun 2406 was named in a TV news article on WUSA9 TV, local TV channel in the Washington metro area. On Sunday, May 21, Loudoun 2406 will host a collection drive at its location in Sterling, Virginia to collect furniture and household items for use in assisting the “Welcome Home” program it and four other Elks Lodges in the North District are working with in the DC area.

Volunteers will be accepting donations of new or gently used household items and furniture. However, only NEW mattresses and box springs are accepted. If you can't make it, the Elks will be grateful for [monetary donations](#) so they can purchase whatever is most needed for our veterans.
