

Sea Scouts Collect Flags

On August 13th the 'Claytor Lake' Sea Scouts of America “Ship #557” collected dozens of Retired American Flags for ceremonial disposal. The project was sponsored by and in partnership with Pulaski Lodge #1067 of the Benevolent and Protective Order of Elks and The New River Resource Authority.

The Scouts collected the Colors at the New River Resource Authority hazardous household waste collection site on the Radford HS athletic field parking area. Jim Chitwood of the Pulaski Elks Lodge stated “this has long been a project the Elks wanted to facilitate and the partnership with the New River Resource Authority and Sea Scouts worked out great.”

Ship #557 will perform the Flag disposal ceremony at a later date. Please address your question or comments about this event or any questions about the Elks Lodge to elks#1067@psknet.com
