

Guys, The Elks are helping out with this one, please help and do your part. Remember, "Children are the messages we send to a future we shall never see.".....Pete

Congressmen Frank and Paul introduce marijuana bill  
**Stop Federal Marijuana Bill**

**Congressman Barney Frank (MA) and Congressman Ron Paul (TX) have introduced legislation that seeks to prohibit federal enforcement of marijuana possession.**

**H.R. 2306, removes marijuana from the five schedules of the federal Controlled Substances Act, therefore prohibiting the federal government from prosecuting adults who use or possess marijuana.**

**The legislation would allow state governments to fully legalize and regulate marijuana possession, production, distribution and sales.**

**Since the end of Prohibition, the use of cigarettes and alcohol has exploded and addiction has skyrocketed. In spite of their legal status, we have not been successful in keeping these drugs away from our children. Black markets cigarettes still exist with over 600 billion cigarettes sold every year illegally. The non medical use of prescription drugs is the fastest growing category of abuse; having a legal status clearly has not stopped this epidemic. Why would we expect legalization of any more drugs to work?**

**Act now! by sending a prewritten letter to your member of Congress urging them to Oppose H.R. 2306!**
