

# WOUNDED WARRIOR EVENT

**On August 14, the Suffolk Ruritans and the Suffolk Elks Lodge 685 teamed up to sell BBQ plates at the Suffolk Airport. All of the proceeds went to the wounded warrior project. This event was about letting disabled veterans jump out of an airplane and skydive. Skydive Suffolk assisted the veterans with the jumps. It was a very nice turnout and the total amount made was around \$2500.00. The above photograph is of all the Ruritans and Elks who attended and helped. Jimmy Franks was in charge of the event and came up with the idea of the two organizations teaming up. The event was a huge success. Below are a couple of pictures of the veterans skydiving.**
