

VEYC Needs Professional Help for Specific Projects at Camp

The Virginia Elks Youth Camp is currently looking for Virginia Elk Members who are HVAC professionals and/or Tree Service professionals. Do you own your company or work for a company in this area of expertise? If so, are you interested in submitting a bid?

We are currently gathering bids at the Youth Camp to remove four large trees on the property and replace an outside heating and AC unit located at the infirmary. Please contact Lani Cadow at LCadow@gmail.com for more information.
